ABOUT
OUR SCHOOL

Triple A Language School (formerly known as AAA Thai Language School), located in Bangkok, has been officially approved by the Ministry of Education since 2004.

Our success is driven by our executives and teachers, who collectively bring more than 40 years of experience in teaching Thai to foreigners.

We employ an interactive system that empowers students to communicate effectively with Thai people in a short amount of time.

The **Thai Learning** Journey

By enrolling at Triple A Language School, your learning journey will be comprehensive, progressing from speaking and conversation to reading, writing, and advanced courses.

Ultimately, this foundational knowledge will allow you to truly appreciate Thai culture and lifestyle, making your stay in Thailand much more enjoyable.

OUR **UNIQUE** TEACHING METHOD

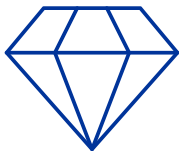

Our curriculum focuses on teaching students to speak based on their own thoughts and observations, translating those ideas directly into Thai.

This approach simulates how children learn their native language—by listening and absorbing, rather than relying on translation from another language. While this method may initially present a challenge by requiring you to think immediately in Thai, the result is significant: you will quickly gain the ability to communicate naturally.

We aspire to be a bridge for cross-cultural understanding between Thailand and the international community.
